Isfandiyor Mullajonov

Andijan, Uzbekistan | +998 93 508 04 23 | isfandiyormullajonov@gmail.com | LinkedIn

Education

Presidential School in Andijan, High school diploma — November 2021 – June 2026

- Cambridge International A-levels: Mathematics-A*, Computer science-A*, Physics-A*
- Graduated with a Gold Medal
- Test scores: IELTS 7.5, SAT 1530 superscore
- GPA: 5.0/5.0
- Student of the Year (2024-2025)

Experience & Activities

Founder & Project Manager — Sept 2025 – Present

MathOlympiad.Uz [Link] [Telegram blog]

- Built Uzbekistan's first non-profit platform for Mathematics Olympiad Preparation.
- Created and hosted 30+ mock Olympiad tests, reaching 400 active students across Uzbekistan.
- Published 100+ preparation materials including problem-solution sets, topic explanations, articles and books.

AI & ML Intern — Sept 2026 – Present

Ministry of Digital Technologies of Uzbekistan, Department of AI Infrastructure and Big Data

- Learned Linux, servers, data pipelines, and AI systems.
- Gained first-hand exposure to how AI infrastructure actually works for large-scale AI models and big data.
- Benchmarked 5 pretrained AI models on a server, comparing inference latency, throughput and GPU memory usage.

Research Student — June 2025 – Aug 2025

Lumiere Individual Research Program - Full scholarship ($2,990)

- Conducted independent research on permutation sampling algorithms, supervised by a University of Leeds PhD graduate.
- Designed and benchmarked multiple parallel random sampling methods, including a "Quick-Shuffle" algorithm inspired by Quicksort, optimizing efficiency and random-bit usage. Produced an 11-page paper detailing results and comparative analysis.

LLM & Speech AI Intern — Aug 2026 – Present

NeuronAI Lab

- Completed Stanford online LLM course. Publish AI blog posts at neuronai.uz .
- Contributed to MustaqiLLM (first Uzbek LLM) by developing a Python data pipeline for pretraining.
- Prepared and transcribed 100+ Uzbek speech recordings to create training data for STT system.

Founder & Host — Feb 2025 – June 2026

AIM Talks Podcast club [Link]

- First ever student-led podcast at Andijan; Featured on the official school page of 1800+ audience.
- Hosted and produced episodes with succesfull people on topics such as personal growth, education, and youth achievements, reaching 2.5K watch hours on YouTube.
- Managed audio/video editing and post-production to ensure high-quality content delivery on a regular schedule. Proficient at Adobe Premiere Pro & Audacity.

Captain of School Math Team — Sept 2024 – June 2026

Presidential School in Andijan

- Led a team of 9 students who represented our school at regional/national competitions.
- Ran biweekly trainings and practice sessions on inequalities, number theory, combinatorics, & non-standard problems.

Math Teacher — Sept 2023 – June 2026

Peer Academic Support Program, Presidential School in Andijan

- Tutored 25 underperforming students in IGCSE, AS, and A-Level Mathematics through the school's peer-led support club.
- Conducted tailored classes twice a week, prepared practice materials and presentations, resulting in an average 30% improvement in students' assignments and exam performance.

Ambassador, Regional Representative — Oct 2024 – March 2026

International Youth Math Challenge (IYMC)

- Promoted interest in math in the region. Led monthly workshops and webinars.
- Recruited 40+ students via outreach. Guided competition prep. 6 of my students qualified for pre-final round, and 2 of them for the final round.

Achievements

- American Mathematics Competition (AMC 10) - Gold medalist (2024)
- Tashkent International Mathematics Olympiad (TASIMO) - Finalist; ranked in the top 0.8% of 1,881 participants (2025)
- Fermat Mathematical Olympiad (FMO) - Gold medal, national round (2024)
- International Youth Math Challenge (IYMC) - Finalist; ranked in the top 5% among 5280 participants worldwide (2025)
- Asia International Mathematical Olympiad (AIMO) - Bronze medal, national stage (2024)
- Regional Informatics (Competitive Programming) Olympiad - Placed 4th twice; competition involving 2,000+ participants from 700+ schools
